STATEMENT OF WORK

1 Scope

This Statement of Work defines the effort required to design, build, test and deliver one spacecraft bus.

2 Requirements

2.1 Design

The Contractor shall design the spacecraft bus to meet the performance requirements of the System Specification.

The Contractor shall conduct a Preliminary Design Review and a Critical Design Review.

2.2 Thermal Control

The Contractor shall maintain all components within their qualification temperature limits with 10 degrees Celsius margin.

The thermal design shall accommodate eclipse durations of up to 72 minutes.

2.3 Test

The Contractor shall perform environmental testing including thermal vacuum, vibration and electromagnetic compatibility.

Test procedures shall be delivered 30 days before each test.

The Government intends to evaluate proposals and award a contract without discussions with offerors.

Offerors are cautioned that the Government may reject any proposal that does not conform to these instructions.

Information provided in one volume shall not be incorporated by reference into another volume.

Each volume shall be written on a stand-alone basis so that its contents may be evaluated with a minimum of cross-referencing.

Elaborate brochures and promotional material are neither required nor desired.

The Offeror shall clearly identify any assumptions, conditions or exceptions to the terms of this solicitation.

3 Program Management

The Contractor shall hold monthly program management reviews with the Government.

The Contractor shall deliver a monthly status report no later than the tenth day of each month.

The Government intends to evaluate proposals and award a contract without discussions with offerors.

Offerors are cautioned that the Government may reject any proposal that does not conform to these instructions.

Information provided in one volume shall not be incorporated by reference into another volume.

Each volume shall be written on a stand-alone basis so that its contents may be evaluated with a minimum of cross-referencing.

Elaborate brochures and promotional material are neither required nor desired.

The Offeror shall clearly identify any assumptions, conditions or exceptions to the terms of this solicitation.

The Government intends to evaluate proposals and award a contract without discussions with offerors.

Offerors are cautioned that the Government may reject any proposal that does not conform to these instructions.

Information provided in one volume shall not be incorporated by reference into another volume.

4 Deliverables

CDRL	Title	Due
A001	Monthly Status Report	Monthly
A002	Test Procedures	30 days before test
A003	Final Report	End of contract
